Richard Finlayson – Principal

Kevin Harvin – Asst. Principal

Cathy Jackson – Dir. Of Business

Dear Parents,

It is just about time for school to start and once again we must turn our attention to getting our children properly immunized for school. Florida law states that all children entering school must have the following immunizations:

Immunization requirements for 2007 - 2008:

immunization	# needed	grades required
Varicella (or chicken pox)	1	PK3-3rd
DTP	5	PK3 - 12th
TD (tetanus)	1	7th - 12th
Polio	4	PK3 - 12th
MMR	2	PK3 - 12th
Hepatitis B	3	PK3 - 12th

Florida law also states that any child not properly immunized or at least in the process of being properly immunized (i.e.: at least first dose of HepB) may NOT attend school. **It is also required that the school have a physical form, a completed (blue) immunization form (your Dr. or Health Dept. will have this form) and a copy of your child's birth certificate and social security number on file at the start of the school year.**

If you have any questions or concerns, please feel free to call me.

Thank you,

Peggy Sever
Registrar

"Train up a child in the way he should go: and when he is old, he will not depart from it"
Proverbs 22:6
