**Tonya’s Dance Class**

I would personally like to welcome you and your child to my dance class! No matter your child's skill level or dance history, I promise to teach the joy of dance while participating in my class this year!

Here are my goals:

- To provide a safe place in order to build confidence and self-expression of each child
- To also provide a valuable service that teaches your child a quality dance foundation
- Offer a group environment that encourages self-esteem
- Contribute to an experience that helps your child develop a love of, and appreciation for, the art of movement

### **Dance Attire:**

*Hair & Shoes are most important!*

- Hair can be in a ponytail, braid...doesn't matter as long as it is out of the face.
- Jazz or Ballet shoes – These come in pink and tan. Please try to stay away from black. The nude colors will match any costume choice at the end of the year and avoid additional shoe purchases.
  - Discount Dance is a popular website for both types of shoes. They are rarely priced higher than \$25.00 and there is certainly no need to spend more than that.
- Leotard, T-shirt or workout shirt along with tights, leggings or sportswear that allow maximum movement. No skirts or jeans allowed.

I will be teaching a combination of Ballet, Jazz and Lyrical Dance. I have an extensive background in both teaching and choreography of each of these styles. Although they are different, the foundation and skill sets are alike. Here are a few objectives I plan to cultivate:

- Introduce fundamental dance vocabulary combining proper technique and form
- Develop motor skills, coordination, muscle memory, body control, and flexibility
- Introduce basic dance positions, barre work, leaps, and turns
- Gain better body alignment, core strength, balance and poise for an improved fluidity and confidence in movement
- Practice the ability to learn and retain choreography

My most important RULE: Never walk out of a class or go sit down because it's too hard or you feel frustrated. We are here to learn together. "I can't" is simply not in our vocabulary!
