Checklist For a Campus Visit

- **Schedule an appointment:** Be ready with multiple dates and times. Avoid major events or holidays. Arrange to speak to other students, professors, the financial aid, admissions and career offices. Ask about a guided tour.
- **Stay overnight:** you can talk to other students and see what life on campus is really like.
- **Pack smart:** You may want to pack more casual clothes for when you walk around campus, and something more formal for an interview with the admissions office.
- **Take notes as you visit:** If you visit several colleges (especially in one day), the details can get blurry.
- **View other campus buildings:** Check out residence hall rooms, cafeterias, computer labs, health and recreational facilities, the library, etc.

Meet with an Admissions counselor:

This is your opportunity to put a face with your application

- **Verify admissions requirements:** Ask what you need to do to qualify for admissions
- **Determine actual college costs:** Include housing, tuition, books, transportation and food
- **Ask about financial aid opportunities:** Scholarships, grants, loans and work study's
- **Investigate your academic programs:** Ask what the entrance qualifications are for the programs you are interested in and the prerequisites.
- **Discuss your chances for success:** Admissions, graduation, and placement into a specific program

Fast Tip

Remember that college selection is all about matching. Different schools have their own ideas regarding students they want. Just be yourself!
